Exposome Maps Data Request Form

Institute		**Date**	
Corresponding author *Name and email*			
Principal Investigator *Name and email*			

Working title

Suggested output channel of analyses results (journal title, book, website)

Brief description of your objective, main outcomes, and (statistical) working plan (max 200 words)

Anticipated project start date		**Anticipated project end date** *(manuscript submitted for publication)*	

Which surfaces, time periods, and countries would you like to receive (use the Exposome Maps Platform or see the inventory for an overview, and indicate the numbers of the surfaces)?

e.g. 1-4 for 2020 for France; 16 for every year available for every country

To how many coordinates will you link the surfaces?

☐<100
☐>100 - <1000
☐>1000

To which cohort(s) are you linking data?

☐ I will not link to cohort data
☐ I will link to cohort data. Name of cohort:

Via which procedure would you like to link to the surfaces?

☐ I would like to download environmental data to my own institute computer to perform the analysis
☐ I need advice in linkage of environmental data to coordinates
☐ I need the UU to perform the linkage
☐ I would like to get advice which of the above to choose

Funding source(s)	

☐ I, the corresponding or lead author, have read the EXPOSOME Maps Data Access and Publication Policy and will follow them when preparing the final manuscript for its submission to a journal and until its publication.

Please send the completed form to expanse@uu.nl
